

Spring Boulderling Festival 2025

Climbathon (Team Competition)

Climbathon is a **team-based bouldering endurance challenge** where **teams of 2 to 4** climbers work together to complete as many boulder problems as possible within the competition timeframe. Teams strategise not only for volume, but also to maximise bonus point opportunities.

Subcategories:

- **6A+ and below:** Only ascents of boulders graded 6A+ (V3) and lower count.
- **6B and above:** Only ascents of boulders graded 6B (V4) and higher count.

 Each subcategory has separate rankings and prizes.

Scoring System

1. Base Points:

Each boulder problem has a base point value based on its grade (see table below). **The same base points are awarded for the Boulder Titans category.**

Grade	Base Points
3	5
3+	6
4	7
4+	8
5	10
5+	12
6A	14
6A+	17
6B	20
6B+	24
6C	29
6C+	35
7A	42
7A+	50
7B	60
7B+	72
7C	86
7C+	103
8A	124

2. Master Grade Bonus:

The team that completes the most problems at a given grade becomes the 'Master of that Grade' and receives a +50% bonus on the total points earned from that grade.

3. 🧡 Team Ascent Bonus:

When all team members complete the same boulder problem, the team earns a team bonus based on team size:

- Team of 2: +10%
- Team of 3: +18%
- Team of 4: +28%

4. 🧑 Unique Ascent Bonus:

If a climber is the only person in the entire competition to send a specific boulder problem, the ascent earns +100% bonus (i.e. double points).

5. ➕ Volume Bonus:

For every 5 problems completed by the team, they receive an additional 25 bonus points.

6. 📖 Remote Boulder Bonus:

Climbers who complete a problem on a designated "Remote Boulder" will receive either a +50% or +100% bonus on the base points for that problem, depending on the remoteness of the boulder.

A full list of remote boulders, along with their respective bonus values, will be shared alongside the list of competition boulders.

🧑‍🤝🧑 Boulder Titans (Individual Award)

Boulder Titans is the **individual award focused on maximum difficulty**. **All participants in Climathon are automatically entered.** *Solo climbers may also enter without being on a team.*

📊 Scoring System

- Each climber's score is based on their **top 5 hardest sends** (based on base points per grade).
- In case of a tie, additional problems are counted as tiebreakers (6th, 7th, etc.).
- Bonus points do not apply in Boulder Titans — only base point values as above are used.

🌐 To sign-up, please go to www.cyboulderfest.com .

📄 **Note:** A list of selected boulders and detailed information on the competition routes will be published approximately **one week before the event** to help teams prepare and plan their strategies.
